SKILLS

Frontend Architecture & Engineering

- Component-Driven Development
- Design-to-Code Pipelines
- AI-Augmented Engineering
- Agentic AI Integration
- HTML & CSS
- Prompt Engineering
- JavaScript (ES6+)
- React.js and Frameworks
- Tailwind CSS
- Shadcn UI
- Micro-Frontend Architecture
- GSAP
- Design System Governance

Product design, strategy & branding

- UI/UX Design
- User Research
- Visual Identity & Branding
- Design Systems
- High-Fidelity
- UI Prototyping
- Micro-interactions
- Iconography
- Responsive Design
- MVPs & POCs
- AI Design Work Flows

Tools

- Figma
- Photoshop
- Illustrator
- Premiere Pro
- Jira
- Linear
- Git
- VS Code
- Canva
- Notion

Leadership & Professional Skills

- Technical Roadmapping
- Frontend Architecture Leadership
- Stakeholder Management
- Team Enablement & Mentorship
- Cross-Functional Collaboration
- Storytelling
- Pitching
- Creative Problem Solving.

EXPERIENCE

Tech Architect | HashedIn by Deloitte

Jun 2026 - Present

- Architect micro-frontend platforms for enterprise clients, owning system design and CI/CD integration end-to-end.
- Lead GenAI integrations into frontend workflows, cutting ideation-to-prototype cycles by 40%.
- Build "AI-first" component systems bridging high-fidelity Figma design and production React code.
- Define technical roadmaps and present architecture proposals to C-suite and product stakeholders.

Principal Designer Engineer | AntStack Technologies

Nov 2019 - May 2026

- Architected scalable frontend solutions and enterprise design systems for SaaS products using React, Next.js, TypeScript, and Tailwind CSS.
- Led AI-powered design-to-code workflows, reducing ideation-to-prototype time by 40% while improving developer productivity.
- Built reusable component libraries with Storybook and modern frontend architecture, ensuring consistency between Figma and production.
- Defined technical roadmaps, frontend architecture, and engineering standards while collaborating with product, design, and leadership teams.
- Mentored cross-functional teams, driving accessibility, performance optimization, and scalable UI engineering best practices.

UI engineer | Wheels Box

Nov 2018 - Oct 2019

- Headed product design, branding, and frontend UI for a transportation logistics platform.
- Built responsive HTML/CSS/JS components to elevate overall customer experience.

HTML developer | Infibeam Avenues

Nov 2015 - Oct 2018

- Designed visually consistent, intuitive interfaces for consumer-facing and internal web platforms.
- Collaborated with engineering teams to significantly improve end-user usability.

Catalogue executive | Reliance Retail Ltd

Dec 2014 - Oct 2015

- Coded accurate e-commerce catalogue pages using HTML and CSS.
- Designed promotional banners and optimized visual assets using Photoshop.

Catalogue executive | HomeShop18

July 2014 - Nov 2014

- Developed digital product listings and catalogue layouts with HTML/CSS.
- Produced marketing graphics to drive visual consistency across promotional campaigns.

EDUCATION

Prajna Institute of Technology & Management

Bachelor of Technology - IT

2009 to 2013

AVK Junior College

Intermediate - MPC

2007 to 2009

ZPH School, Nadupur

Board Of Secondary Education. AP

2007
